

Online Growth Plan for Makhana Brand

Scaling an existing offline business into a strong, professional online brand.

Why Go Online?

Scale the Business

Take the existing offline business and grow it online to reach a wider audience.

Build Brand Identity

Create a strong, recognizable brand that customers trust and remember.

Own Your System

Build a dedicated website and marketing system that drives sales independently.

The 5-Phase Roadmap

A structured plan to take the Makhana brand from offline to a fully operational online business.

Each phase builds on the previous one, ensuring a solid foundation before scaling.

PHASE 1

Brand Setup

The first step is to build a strong brand identity that reflects the quality and value of the Makhana product.

→ Brand Name & Logo

Define a memorable name and visual identity for the brand.

→ Brand Story & Positioning

Establish what makes the brand unique and why customers should choose it.

→ Packaging Design

Create professional packaging that stands out on shelves and online.

PHASE 2

Website Development

Professional Website

Build a clean, fast, and mobile-friendly website that represents the brand professionally.

Product Pages

Showcase Makhana products with high-quality images, descriptions, and pricing.

Easy Navigation

Ensure customers can find products and complete purchases without friction.

PHASE 3

Online Sales Setup

Direct-to-Customer Sales

Set up the systems needed to sell directly to customers online, reducing dependency on offline channels.

Payment Gateway

Enable secure online payments for customers.

Shipping & Logistics

Partner with reliable delivery services for timely fulfillment.

Order Management

Track and manage orders efficiently from purchase to delivery.

PHASE 4

Marketing Launch

Once the website and sales system are ready, launch marketing efforts to drive traffic and generate first sales.

Social Media

Build presence on platforms where the target audience spends time.

Digital Advertising

Run targeted ads to attract new customers and generate brand awareness.

Email Marketing

Build a customer list and nurture relationships through email campaigns.

PHASE 5

Growth & Expansion

Scale What Works

After the initial launch, focus on growing the customer base and expanding the product range.

1 Analyze & Optimize

Review sales data and customer feedback to improve performance.

2 Add New Products

Use the scalable system to introduce future products under the same brand.

3 Expand Reach

Grow brand recognition and reach new markets over time.

Expected Outcomes

Professional Online Presence

A polished website and brand identity that builds customer trust.

Direct Customer Sales

Sell directly to customers online, reducing reliance on offline channels.

Brand Recognition

A strong, recognizable brand that customers remember and return to.

Scalable System

A flexible infrastructure ready to add future products and grow over time.
